1. Print page 1 on US Letter paper. Gather a pencil or crayon. This free sample is designed for ages 4-8 with adult guidance.
2. Read the mission aloud. Help the child find the turkey at START and the table at FINISH. A team card is not needed for this sample.
3. Move through open squares, one step up, down, left or right. Skip the striped squares. Younger children can point or trace with a finger.
4. Let the child try again. Offer the hint below before the answer. There is no timer or elimination; celebrate completing the path together.
